

Signature Verification Form

An account opened online does not require a written signature due to the identification process we used to open it. However, certain transactions by mail or fax may require verification of your signature. Delta Community encourages all members to have a written signature on file. By completing this Signature Verification Form, you can avoid delays for these kinds of transactions and increase the security on your account. Please sign below so we may record your signature.

Primary Owner's Name	Primary Owner's Signature	Date
----------------------	---------------------------	------

Please submit by one of the following methods:

Fax to: 404-677-4802 -or- Mail to: Delta Community Credit Union
